

Free Eye Check-up Camp Organized on World Braille Day 4th January, 2025

On 4th January 2025, West Guwahati College of Education (WGCE), in collaboration with Karuna Trust, observed World Braille Day with the theme "Celebrating Accessibility and Inclusion for the Visually Impaired" by hosting a Free Eye Check-up Camp on its campus. The event honored Louis Braille's legacy and emphasized the need for supporting the visually impaired and raising awareness about the importance of eye health.

A team of ophthalmologists offered free vision screenings, cataract and glaucoma tests, medications, and power lenses. Around 200 participants, including students, faculty, and community members, availed themselves of the services. The camp also raised awareness about the importance of early detection and regular eye check-ups in preventing avoidable blindness.

This initiative showcased WGCE and Karuna Trust's commitment to fostering inclusion and promoting eye health, creating a meaningful impact in alignment with the day's theme. Such programs inspire collective efforts towards building an inclusive and health-conscious society.
